Michigan Geographic Framework (MGF) is a project of the Michigan Department of Transportation (MDOT). MGF is a geospatial data infrastructure that provides a common set of geographic information for all Michigan agencies. MGF is a collaborative effort between MDOT and other state agencies, including the Michigan Department of Education (MDE), the Michigan Department of Health and Human Services (MDHHS), and the Michigan Department of Natural Resources (MDNR). MGF is a critical component of Michigan's infrastructure and is essential for many state and local government operations. MGF is a public good and is made available to all Michigan residents and businesses. MGF is a project of the Michigan Department of Transportation (MDOT).
