Michigan Geographic Framework (MGF) is the official digital geospatial infrastructure for Michigan. It is a multi-agency effort to create a consistent, accurate, and up-to-date geospatial data set for the state. The MGF is the foundation for many other state and local government services, including mapping, planning, and emergency response. For more information, visit www.michigan.gov/mgf.

Legend	
School District	School
County	Water Feature
City	Railroad
Township	Freeway
